Hope Chapel San Salvador

Above is a visit from Nuevo Amanecer, Santa Ana for our monthly celebration

Planting a church will not go down as the easiest of tasks...but it has to be near the top of the list as one of the most rewarding. As we move into our second year renting our church office, we are seeing the Lord bring much fruit. The picture above shows the congregation from Santa Ana who came to celebrate with us

during our monthly “Friends and Family” service in April. We have been meeting weekly on Sundays officially since October 2017, and have now included discipleship classes, prayer on Tuesdays and a Conversational English class. The Lord has blessed us with a solid core of committed Christ followers!!

Parable of an Immigrant

On our website, Jared has been posting periodically focusing on the immigration issue. The Bible has much to say about this issue and an amazing book and ministry time from Joseph Castleberry (author of "The New Pilgrims") was given at the annual Foursquare Convention.

Ministry Institute Team, Puyallup

Our first time receiving the team from the Ministry Institute was incredible! They painted the inside of our newest Foursquare church plant in Gualache, Usulután, and put a new roof on the pastor's adjacent house.

They ministered as well at a beach community in El Zonte with our friends Danny & Gelmarie (missionaries from Puerto Rico) and spent time evangelizing the community around our church plant in San Salvador.

This team came from a ministry training school in Puyallup, Washington and is part of their education.

We appreciate the energy and life that our teams bring to the ministry in El Salvador!

Discipleship through OVS and Conversational English / ALPHA

Our church plant is seeking to follow the Great Commission to "Go and make Disciples" We have continued to use the OVS – Operación Vidas Solidas (Operation Solid Lives) for the members of our congregation, focusing on daily disciplines, listening to foundational teachings and developing our personal prayer lives.

In addition, we launched a strategy to both bless our

community and continue discipling those outside of our church. We are using the ALPHA youth course, a conversational program touching on personal beliefs and faith as a basis to teach Conversational English. Speaking English can often mean a 200% pay increase for many young people. The classes so far have been full of people and lively conversation!

Disaster Relief Trip to Guatemala

Jared was asked by Foursquare Disaster Relief to respond to the volcanic eruption and ensuing humanitarian crisis in Guatemala in June of 2018. Along with one of our Pastors from El Salvador, Wilfredo Garcia, they visited four Foursquare churches in the affected area, interviewed relief workers and victims and help in the distribution of food to some affected families. Foursquare Disaster Relief (FDR) responds to disasters in the US and around the world, specifically through the local Foursquare churches in the affected region.

Jared will be taking another trip to help host a team in Guatemala in July. This is an ongoing work to relocate evacuated families and help in sustaining those in the outlying areas.

You can see some of the footage and the interviews on our website: www.jkmueller.com or keep posted on our church & personal Facebook pages: **Kelly AndJared Mueller / Hope Chapel San Salvador**
